our films

We have an array of different types of films that can be included in your package. To make it a little easier, here's some more information about each of our videos.

3–5 minute highlight film

We carefully craft your perfect wedding film featuring the best parts of your day and a song of your choice. Our cinema cameras will beautifully capture the emotion that only video can convey. We edit this into a breathtaking film that you will want to watch every day for years to come.

6–8 minute highlight film

The 6-8 minute highlight film will give you even more highlights from your day, we craft this beautiful film to capture the emotion and feel of the day. This video allows you to have 2 songs and is hosted online for you to share with family and friends.

15 minute featurette

This video will tell the story of your day in a full cinematic style. You'll get both an online link to your video to send to family and friends and a copy on HD USB.

Full ceremony

This one speaks for itself, you get your full ceremony from start to finish captured in full HD on our cinema cameras.

Full speeches

You don't have to miss all of the speeches from friends and family, these are captured from start to finish in full HD with this option.
